

# Industrial Deafness claims

## As a result of your **NOISY** working conditions do you...

- Suffer from hearing problems?
- Have annoying buzzing noises in your ear?
- Need a hearing aid?

Call now and ask to speak to our **Industrial Deafness Team** on **13 43 63**. We will assess your claim at no cost to you and make your claim using our **No Win No Fee Scheme**.

*Industrial deafness is one of the most common forms of hearing loss and occurs as a result of exposure to noise over a long period of time, generally from a noisy work environment. The loss of hearing is gradual and therefore often people who have industrial deafness might not even know it!*

## What are the symptoms?

- Ringing in your ears
- You have difficulty hearing people when there is background noise
- Difficulty hearing in groups
- You need the television or radio turned up loud
- Family complaints

## Who may be affected?

Typically, those working with noisy machinery such as:

- Mining
- Printing
- Metalwork/woodwork
- Transport
- Textiles
- Factory Work
- Agriculture
- Waterside workers
